

FINCH

BY JEFF VANDERMEER

A STARTLING HYBRID OF FANTASY AND NOIR, THRILLER AND SPY NOVEL,
FROM THE ACCLAIMED WORLD FANTASY AWARD WINNER

"Fungal noir. Steampunk delirium. Paranoid spy thriller . . . A clear signal, if one were ever needed, that [VanderMeer] remains one of modern fantasy's most original and fearless pioneers." —Richard K. Morgan

"I can't remember ever reading a book like *Finch*. Audacious in technique, and extravagant in imagination. Jeff VanderMeer gives us deeply sympathetic characters—especially Finch himself—who inspire us to care about their flawed and tyrannized world. I'm impressed." —NYT bestseller Stephen R. Donaldson

In this powerful novel, the past and the future collide with the cosmic and the gritty. What will happen if Finch uncovers the truth about two strange murders? And will the fantastical city of Ambergris ever be the same?
